The salaries of civil employees of the town of Blairmore have been considerably raised, while some employees have been dispensed with.

Meeting of Council It Was Mr. Bear

The regular meeting of the Blairmore council was held on Monday night, presided over by Deputy Mayor W. A. Beebe. There were present, besides the Secretary-Treasurer, Councilors Sinclair, Rosse and Dutil. After the approval of the minutes of previous meeting, several communications were read and dealt with.

A letter from the assistant secretary of the Board of Railway Commissioners, accompanied by a blue-print outlining the proposed and approved plan of a spur line to the West Canadian Collieries Greenhill mine, was read and filed.

A table of estimates for the school and town for the year 1914 was submitted by the secretary. According to the estimates the sum of \$9,311.08 was required by the school and \$3,328.21 by the town.

The secretary informed the council that he had written James R. Irwin, the ex-chief of police, re the costs preferred against him in connection with his action against the town. The secretary's letter had been registered, but so far had not been replied to. The secretary was instructed to take the matter up at once with a solicitor for collection. The amount in question is \$211.00, being costs of court, legal fees, etc. in connection with an action taken by the ex-police against the town for the recovery of some \$8000 as claim for alleged wrongful dismissal from office and damage interest. Judgment was delivered against the plaintiff, the court ordering that he pay the costs. Such has not yet been paid, nor has any arrangement been made by Mr. Irwin for a settlement.

A letter was received from the department of the interior re the diversion of water from York Creek, to which the secretary was instructed to inform that the work was now completed and ready for inspection. The following accounts were read and passed:

James Patterson, sanitary inspector, salary May, June and July \$60.00.

Rocky Mountain Cement Co., light account for June \$59.80.

C. E. F. Hisecks, secretary-treasurer, July salary \$100.00.

George Patterson, undertaker, for burial of a dog and cat, citizens of Blairmore, 50 cents.

Blairmore School District 628, in connection with 1914 appropriation \$720.00.

L. H. Putnam, in connection with case of Irwin vs. Blairmore, \$211.00.

B. Serandi, \$3.00.

P. Mancini, \$3.00.

P. Charoki, \$6.00.

Mrs. M. Rossi, rent of storehouse five months \$25.00.

W. A. Beebe, rent for council chamber May and June, \$10.00. Blairmore School District, 1914 appropriation, \$60.00, \$100.00, \$100.00, \$125.00.

E. P. McNeil, D. C. J., \$29.00, \$25.00.

A. Morency, \$28.00.

Blairmore Hardware Co., \$5.75.

Campbell & Gillis, \$15.00.

Sinclair-Dutil—That the Secretary-Treasurer be instructed and is hereby authorized to place the account against James Robert Irwin with a solicitor for collection. Carried.

Sinclair-Dutil—That the tax levy for 1914 be town 11 mills, school 16 mills. Carried.

Sinclair-Rosse—That 10 per cent discount be allowed on current taxes paid prior to September 30th, 1914; 5 per cent

A local tradesman joined a fishing party to North Fork on Saturday and, enacted the leading part in a drama which is well worthy of being reproduced. After reaching the fishing stream and finding fish scarce, he decided to leave his party to pay a visit to his home-stead several miles distant. When about half way over, a rustling in the bushes caused him to look to see a bear, such as he had seen in some mother's kitchen. He immediately gathered courage and engaged in a race that would have left Tom Loughlost guessing. After running a considerable distance his imaginations warned him that this bear of prey was gaining upon him, whereupon he like a good sport flung out his lunch to that bear. This, of course, would never suffice to quench the appetite of the ravenous insatiable of the wild, and consequently he threw out a crock of preserves. All this Mr. Bear nudged in a corner of his mouth and continued his quest for something else more satisfying. "Doom" seemed to spell itself to the poor man, his limbs seemed to tire and stiffen, no time to sidetrack to a refreshing stream and no food to invigorate his system. Mr. Bear had already cultivated the habit of greed and would not be satisfied. Alas, the poor tradesman thought of his last chance. Pulling a six-shooter from his belt he tossed it out to his chaser, suggesting that the instrument which had accomplished many good services in the past night, if swallowed by him, serve to bring him to a standstill and cause the business of Mr. Tradesman once more seeing his wife and family at home. Hein swallowed the gun, the trigger tickled his ribs and the automatic discharged its contents from within. Pieces of brain scattered in all directions while a wall of joy escaped from the man. He picked up a piece of that bear to bring home, and now that souvenir adorns a mantle-piece in a Blairmore home.

A rancher's wife at North Fork mourns the loss of a pussy and there is a vacancy in her home that cannot be filled.

Hillcrest Mine Dust To Be Analysed
Before the report on the Hillcrest mine will be presented to the government, samples of the coal dust from the Hillcrest mines will be analysed to determine their precise nature. Much reverts upon this as the theory given by some experts was that the dust was fired from accumulated gases caused by poor ventilation. According to Judge A. A. Carpenter, who conducted the investigation, it was decided to make the fullest investigation into this, and following out this theory, samples were forwarded to the Bureau of Mines, who consented by courtesy to examine the dust. Their report will be received before Judge Carpenter's review of the whole situation at the Hillcrest mines, following upon the explosion that caused the death of 187 people, will be sent to Edmonton. It is probable that it will be at least a month before it is officially filed with the authorities at Edmonton.

W. Fooks was up from Pincher Creek on Sunday.

Discount on taxes paid between October 1st and 31st and 21 per cent discount on taxes paid between November 1st and 30th, 1914. Carried.

The assessments of the town for the present year are: Municipal \$540,000.00, School \$694,150.00.

The meeting adjourned at 9.30.

BLAIRMORE

Work on Greenhill Spur Commences

H. J. Pozzi, a Blairmore contractor, has been successful in landing the contract for the laying of the spur line from the main line of the C. P. R. to the proposed tipple site of the West Canadian Collieries Greenhill mine.

The work was commenced on Monday of this week, and a large gang of men are employed clearing the right-of-way and grading. It is expected that the spur line will be completed within a very few weeks.

The line branches off from the C. P. R. just west of the Blairmore station and curves in around at the base of the Greenhill near the Crystal dairy.

Already the incline has been completed, on which is laid a double track. The order for the plant, which is to be of the most improved type of steel structure, has been left with the Head Wrightson Co. of Vancouver, who will be on the ground in a very short time.

The new Greenhill mines are situated just north of the town of Blairmore. Samples of the coal have proved on analysis to be equal and perhaps superior to any coal yet found in the Pass. The opening up of the Greenhill mine will mean much to the town, giving employment to hundreds of men in addition to the present labor population. The contract for the spur line calls for its completion within three months from date, but it is likely to be in readiness long before that time expires.

C.P.R. Aids Schools

On account of the interest which it shows in the welfare of settlers in Western Canada, the Canadian Pacific Railway has sometimes been called a "Paternal" corporation. This description will appear only the more appropriate when it is learned that the Company, through its Department of Natural Resources at Calgary, has recently advanced over \$16,000 in cash to a number of rural school districts which were having difficulty in financing their affairs.

The school districts assisted are all within the Irrigation Block east of Calgary and the assistance given is in the form of a loan averaging \$700 each. In these districts, owing to the fact that considerable land was as yet not occupied by resident settlers, it was found that the taxes collected, along with the Government grant, were insufficient to meet the necessary expenditure of the district, and the trustees were confronted with the necessity of closing the schools for lack of funds to keep them open. Although no responsibility in the matter rested upon the Canadian Pacific Railway, still rather than have children in these school districts deprived of educational advantages, the Company came to their relief with the financial assistance needed to keep the schools open. The grant will appear in the records of the school districts as a loan from the Canadian Pacific Railway, and will

have the effect of tiding the districts over a difficult period in their history. The present season has demonstrated beyond all question the value of irrigation for crop-raising in Southern Alberta, and the flood of settlers now moving towards the Irrigation Block will soon assure sufficient population to support the rural schools without any assistance except that which is given by the Government. H. E. Lowe, of the 41st Market Co., was in town on Saturday.

Messrs. Worthington and Fleming spent Sunday driving fish up to the Blairmore dam.

A dance will be given at Beaver Mines on Friday night next for the benefit of the Hillcrest sufferers.

Thos. Martin, of the international correspondence schools, came to town from Lethbridge on Monday.

Mayor Lyon added to Cranbrook and other points west this week.

H. M. Rutherford went down to Macleod on Wednesday, where he has accepted a position with F. Norris.

A large number of Blairmore attended the football match at Frank on Saturday evening and took in the dance at night.

Invitations are out for a bridge party to be given by Dr. and Mrs. D. C. Mackenzie, of Bellevue, at the Sanatorium hotel on Thursday night next.

When a young man sits in the parlor talking nonsense to his best girl—that's capital. But when he has to stay in of evenings after they're married—that's labor.

Rev. Dr. Spencer, who spent the beginning of the week in the Pass, coupled business with pleasure and during his stay visited students for the Okanagan College at Summerland, B. C.

A. A. Sparks, L. Dutil and H. H. Tate spent the week end fishing on the upper waters of the North Fork. They returned with good catches. Two of their horses decided to remain a while longer, so that it was necessary for the riders to come home on Shank's mare.

Large congregations attended the anniversary services at Central Baptist church on Sunday morning and evening, when inspiring addresses were delivered by Rev. Dr. Spencer. At both services the choir, under the able leadership of Mrs. E. C. Keith, rendered good service.

At a stormy mass meeting of the citizens of Edmonton held in McDougall Methodist church on Friday night last, the resignation of Mayor McNamara was demanded on the grounds of being "either wholly remiss in the administration of the city's affairs or incompetent to administer the same."

The amalgamation of the Bank of Nova Scotia and the Metropolitan Bank, two of the leading chartered banks in Canada, has been announced, which makes the Bank of Nova Scotia the fourth largest banking institution in Canada, with a capital of \$6,000,000 and reserve of \$11,750,000.

Their Royal Highnesses the Duke and Duchess of Connaught and the Princess Patricia left Ottawa on their western tour Thursday last. This will be the farewell tour of the West by the royal party, as they leave Canada this fall. Besides visiting all the important centres, their Royal Highnesses will spend a fortnight at Banff.

Why The All-American Girls Did Not Come To Blairmore

When Potter gets a grip on the bat the game is clinched.

Local and General

FURNISHED HOUSE TO RENT—Apply to Enterprise office.

Joe McDougall came up from Macleod to spend Sunday with his family.

Misses Margaret and Mary Williams, of Bellevue, spent last week end with Mrs. Raoul Green.

The property held by the Methodist Church in Newfoundland is valued at over \$800,000.00.

The All-American Girls baseball team defeated the Macleod toppers on Friday night to the tune of 5 to 3.

We have a party wishing to sell complete house furnishings. Price \$1000. For list and particulars apply to The Enterprise.

Corporal Meade, of Bellevue, was in Macleod on Wednesday in connection with the case of Nick Kysick, accused of dynamiting a house at Bellevue.

A civic holiday was observed in the Alberta Capital on Monday, in honor of the farewell visit of the Royal Highnesses the Duke and Duchess of Connaught.

A party consisting of two young ladies and two very young gentlemen journeyed to South Fork on Sunday and returned with the proverbial "two fathey loaves and seven fishes."

R. B. Bennett and G. Robinson paid a visit to Blairmore this week in the interest of the local plant of the Rocky Mountain Cement Co. We learn that it is the intention of the company to close down the plant for a short period from August the 1st.

A very interesting lecture was delivered by Dr. Spencer at Central Baptist church on Monday night on the theme "How to build a city." Unfortunately, owing to the council meeting being on at that time, none of the councillors were present to take their medicine.

Corporal Seale, who was recently transferred to the Cormanag detachment of the P. N. W. M. P. from Pincher Creek, was in the city yesterday. Corporal Seale was in charge of the situation at Hillcrest at the time of the disaster, and distinguished himself by keeping perfect order in spite of tendency toward chaos which existed at that time.—Lethbridge Herald.

A most enjoyable social event was held on Friday evening in the Oddfellows' hall, under the auspices of the Independent Order of Good Templars. J. H. H. occupied the chair and introduced several speakers, including Dr. Spencer, who had the good fortune to be present for the occasion. Dr. Spencer has been associated with temperance work for a great many years, and is considered to be one of the most able exponents of the temperance cause in the world today. He is connected with almost every temperance organization in the English speaking universe and is a figurehead in many of the leading international associations. He is also president of temperance and social reform for Alberta and British Columbia. His address on Friday night was a treat, and lent new enthusiasm to the local agitators of province-wide temperance. Other speakers included Rev. J. F. Hunter, F. M. Pinkney and G. H. Wycheley. Several musical and vocal selections were rendered during the evening. Luncheon was served by the ladies, after which various games were indulged in until midnight. The I. O. G. T. is certainly coming to the fore as an entertainer for our young people. Its agencies are such that tend to elevate our citizens, and especially our young people, who might otherwise be induced to mix with unpleasant and undesirable associations. The Blairmore lodge is but in its infancy, but already has a membership of about one hundred, which speaks volumes for the interest that is being taken by its members and the public and a great work is evidently being accomplished.

MOUNT ROYAL COLLEGE

The Cost of Living

ADVERTISING turns over stocks rapidly, and therefore multiplies profits. This means that prices in a shop which advertises can be short rather than long.

Of this you may be sure: Prices in a shop which advertises are NOT more than in a shop which does not advertise. The chances are that they are oftentimes lower.

This, also, is generally true: You will find better goods, better values and better service in those shops which turn over their stocks rapidly. This means, as a general thing, shops which advertise.

A NOTE TO MERCHANTS

Advertising costs you nothing—it is paid for by the profits on increased sales.

Advertising is easy—it is simply saying in writing what you say to the customers in your shop.

Turn over stocks quickly. If you would make more money.

Shop Where You Are Invited to Shop

D. A. Sinclair is building a storehouse for E. L. Crane's fishing rod. The new building will be about forty feet long and eight feet square and so arranged that the pole may be shunted in through either end. The pole is a novelty, being a bamboo not over two feet in diameter at the butt. When brought into commission on the lower waters of the Old Man river it ensures good fishing for parties further up or down. The pole may be drawn to fishing grounds easily by one team of horses, and does not require any more than the ordinary tuna line and a reep hook, and even Samson of old could handle it to advantage. This pole

was rafted down to Burnis on Sunday, and will be returned to Blairmore as soon as a suitable right-of-way can be secured.

SURPRISING CURE OF STOMACH TROUBLE
When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Elmfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

TREASURE HUNTERS IN QUEST OF GOLD

SEARCHING FOR PIRATES
FORTUNE SAID TO BE HIDDEN
IN CANAL ZONE

Sh Woman Headed Expedition to Island, Which Meets With Failure—Others Are Anxious to Take up the Quest

Police Eugene Gilmore, former chief of the department of sanitation of the city of Panama, and at present manager of a large subdivision on the outskirts of that city, says that while the whole world is now awake to the fact that fortunes may be made in Panama by good, hard work, there are still a lot of fortune-hunters who expect to get their money by a much easier route. A short time ago the United States government sent an expedition in search of the pirate treasure on Cocos Island returning to Panama confessing its failure. Several thousand dollars more in money and several lives have been poured

the quest, and the treasure rests
scure from the hands of modern
ate as it has been for nearly
tury.

Over three years ago an expedi-
organized by two English women,
the object in searching for the treas-
was to devote it to charity in-
h they are interested in London,
six weeks on Cocos, and came
confessing that their plans had
wrong.

Mills encountered his adventure
finished there was not a man
g himself as a fool for engaging
such an enterprise. Yet when he
finished there was not a man of
dizen at the table with him but

the pirates have hidden their treasure on the south side of the island. The treasure is buried in a cave. Unfortunately, they are all poor, and could not raise money among them to buy the treasure ship.

The expedition to England, made by the expedition of Magellan, then sailed for Cocos Island, which lies at the mouth of the Gulf of Panama, about 300 miles distant from the city. At that time of the year the surf runs from Cocos, and was impossible to land in the ships boats, with which a raft was launched, and by means the tools and provisions put ashore. The work extended two months.

There are two well-known clues to the treasure—the first that to the taken from Lima in 1818 by an Irish sailor named Thompson, and second that to the treasure stolen by Vera Cruz in 1821 by the Spaniards.

Ben and his cut-throats sur-
rounded the treasure house at Vera
Cruz in broad daylight and made
off with the gold and silver on
mules.

They crossed the whole of Mexico took to their ship, which was waiting for them in a cove on the Pacific. The value of their booty is variously estimated at from \$9,000,000 to \$10,000,000. They were not pursued, and the first thought appears to have been to hide the loot. They

straight for the well known wat-
er island of Cocos and there, in
the side of one of the steep
cliffs that rise black and steep above
the water they hid their treasure.

Mr. Mills said that there had been
several slides of earth and rock along
the cliff to which the bearings point,
and that if the cave and its treasure
were over there (he is skeptical just
now) it would take a vast amount of
excavation to reveal them. The labor
involved was too great for the re-
sources of his company, so the search

abandoned. The woman who headed the expedition of two years ago, and was a member of this latest one, is a matter of record as having spent 50 years in the Arctic. "Our expedition failed," she said, "because of the reason that so many others failed. We could not give sufficient time to the search. I have the feeling that I know where the treasure lies, but only work is necessary to uncover it. I am not satisfied with the result. All return to London and organize a new company, and then try again."

Toronto University
In the graduating class of medicine
Toronto university this year there
a larger number of women than
any previous year in the history of
university. The women members
the class are three in number, and
re than twice that number is en-
ed in the other four years of the

those who will graduate this year: Misses L. J. E. Moody, A. H. Speers and E. M. Cowling. The faculty of pharmacy also has a larger number of women among the graduates this year than is usually the case. Misses Moody and Speers are two of the young women who will receive their diplomas in pharmacy this year.

In other departments of the university, well over a hundred are holding their own. There is at present a large student taking post-graduate work, proceeding towards the degree Ph. D.

Government Organ Speaks

There is an editorial concerning Asiatic migration, the London Daily News

that opinion on the Pacific coast, doubtless throughout Canada, is emphatic as opinion in South Africa, and it will not suffer the immigration of Asiatics, because that would lower the standard of living and make the Pacific coast impossible as white man's country. Should it be and that the existing law does not suffice to exclude Asiatics, there will

Greece to Get Warships
The United States senate amended a naval appropriation bill so as to authorize the sale of the battleships Ohio and Mississippi and the construction of a modern dreadnought with the money. Greece is understood to be the prospective purchaser.

THE BEST MEDICINE IN THE WORLD

"My little girl has dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I was truly happy to say that I think it is the best medicine in the world." writes Mrs. William Davis, Clare, Mich. For sale by all dealers.

The hopes of the residents of Ramcar are again raised by a rumor that the contract for construction work on the C.N.R. has been left to James O'Connor, and that work will be proceeded with at once. Although no official confirmation of this can be obtained, people in touch with the C.N.R. do not discredit the story.

A considerable number of notes on the Bank of Prince Edward Island, considered to be practically worthless, have been placed in circulation in Nelson. The notes which have so far been noticed are all \$10 and \$20 denominations and a considerable number of merchants have been victimized by the currency.

A GOOD INVESTMENT

W. D. Magill, a well known merchant of Whittemouth, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.

Local and General

F. M. Steele, of Picher Creek, was in town on Tuesday.

L. H. Putnam paid a business visit to Macleod on Wednesday.

The Italian societies turned out to the funeral of their deceased brethren on Tuesday.

War between Austria and Serbia has been declared and all Europe is in a state of anxiety.

The Duke and Duchess of Connaught were given a grand reception at Calgary on Tuesday.

A large number of local folk journeyed to Fernie on Wednesday to see the Sells-Floto Circus.

Mrs. E. C. Keith, Teacher of Music and Education, 75c per hour each. Eighth Ave. North.

Correct your habits. Get take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.

The kiddish pranks of certain members of the volunteer fire brigade resulted in the key of a hydrant being taken in charge by an Italian who happened to be among the peaceable citizens on whom the prank was turned. There should be ample space for practice without having to interfere with the pedestrian public.

The Japanese steamer Komagata Maru sailed from Vancouver for Hong Kong with her load of 352 Indians, who arrived on May 23rd. Since her arrival the whole country has been kept on the jump and the history of the Hindus' struggle to enter British Columbia has been published all over the world.

Rumor has it that a company of Chinamen will shortly erect a large restaurant and rooming house in Blairmore. The plans call for a building entirely modern in every respect, which should be a real haven for the large number of bachelors who are today overcrowding the houses and shacks of this mining camp.

Local and General

Corporal Hancock made the successful capture of two men yesterday, who were wanted by Chief Cuddy at Calgary on rather serious charges.

The Blairmore liberals organized last night, the meeting being well attended. Six delegates were chosen to attend the convention at Calgary on August 24th.

Carrie Nation II. visited Blairmore last evening and started demolishing windows in the Pelletier addition. A local bartender and several others with noses blue were obliged to seek shelter in cellars.

Mr. and Mrs. J. M. Kilbourn, of Owen Sound, Ontario, were in town on Thursday. Mr. Kilbourn is one of the directors of the Canada Cement Company, and looked over the plant of the Rocky Mountain Cement Co. during his visit.

Farmers and others requiring the services of boys, could in all probability get good boys for the harvest season, or for permanent work by applying to the Superintendent of Delinquent and Neglected Children, Old Parliament Buildings, Edmonton. A full description of the home must be sent with each application.

We all love fishing. But, old to have to hire a horse and saddle, purchase a fishing outfit, go fishing, get all the fish the law allows, lose your horse, and have to walk home a distance of fifteen to twenty miles, leaving all your trophies behind, is "real sport" according to the interpretation of Messrs. Duff, Sparks and Tate.

Two Italian miners, working in the Blairmore mine of the West Canadian Collieries, Ltd., met their death on Monday afternoon from a fall of rock. Their names were Lazzari Agostino and Mike Flesatti. Interment took place Tuesday afternoon at the Blairmore cemetery, being followed by a long procession of miners and friends. Both men were single.

This is how Sir Thomas Shackleton, President of the C.P.R., sums up the industrial situation in Canada:—"The conditions are all in favor of a good crop for 1914, and as the financial horizon is clearing up, we have no reason to doubt that in 1915 the remarkable progress of Canada and the Canadian Pacific will be continued with an impetus all the more vigorous because of the recent breathing spell."

The C.P.R. despatched a special police to Blairmore on Thursday to endeavor to put a stop to the public trespassing on the Company's right-of-way. During the past several months the Company has been obliged to effect many repairs to the fences, but so far have been unable to detect the miscreants who effect crossings and make passage. The public should take warning and understand that the regular approved crossings only are intended for the public use.

Oddfellows Picnic

The members of Coleman I. O. O. F. will hold an outing at Senneville on Wednesday next, to which all Oddfellows, including Blairmore Lodge, and Rebekahs and friends are invited. It is intended to go to Senneville by the morning train and return by the night train, and arrangements to that effect will be made with the C.P.R. This is to be a basket picnic and the ladies are simply asked to provide a basket and equip themselves for a tight good time.

Substitute Editor

"I was on a lecturing tour out West and a friend of mine who was running a newspaper was called away suddenly and he asked me to run the next issue. Now I'm not a man as like to sit twiddle his thumbs and 'do' nothing. I made up my mind to make that issue which would keep on. So I set down and wrote a sub-editor on some of the local gold bugs, that I thought would make 'em sit up. On the morning of the issue I was sitting in the editorial room when a fellow came to the door,

Frank Happenings

Frank has a restaurant which is now doing a rushing business.

The Frank Wine & Spirit Co. are now occupying their new store.

Harry Evans, of Michel, was visiting Frank and Hilcrest the early part of the week.

Quite a number of football enthusiasts journeyed to Hilcrest to see the Hilcrest-Corbin game on Saturday last.

The association of stationary engineers held their regular meeting at the Frank hotel on Thursday evening.

Frank will go to Corbin on Saturday for the first try for the Muir cup. Coleman goes to Michel and Coal Creek to Fernie.

The Corbin football team came and spent the night in Frank after their game at Hilcrest on Saturday. They also took in the dance.

A football game took place on Wednesday evening between the marrieds and singles. The marrieds are improving some and can hold down the so-called crack team to a draw 0-0.

A dance was held in the old union hall on Saturday night last, after the game at Hilcrest, and everyone spent an enjoyable time until the orchestra rendered the "Home Sweet Home" waltz at 11:45.

W. Warn went to Fernie on Saturday morning to represent Frank at the league meeting. The league has decided to let the scores stand for this season, and have a picked team from B.C. and one from Alberta to play two games, one at Fernie and one at Coleman, winners holding the league cup for their respective province. A set of medals will accompany the cups. Games will be played after the cup is finished.

Coal Creek was billed to play Frank on Saturday evening last, but failed to put in an appearance. As a consequence, a large number of people were disappointed. Coal Creek must have thought that sports the Frank boys were to journey to Coal Creek on the holiday and sports day for the benefit of Coal Creek. The statement the secretary refers to was not meant for our home matel, and it would have been a little more sportful for Coal Creek to have notified us before Saturday morning.

lookin' 'bout as mad as a wounded giraffe. Says he: "Is the editor of this damned rag on the premises?" Now I guess there was goin' to be trouble for somebody right away 'n' I didn't want that somebody to be yours truly. So I let 'em know I was in the house, and if your business is pressin' I'll find him and send him up.

Says he: "My bizness is urgent, and won't admit of no delay whatsoever. I want to see the editor right now, and I guess I'll make him squirm like a scared cat." Take a seat, says I 'n' I'll try and find him, 'n' with that he went out and shut the door. You bet your bottom dollar I didn't waste no time goin' down like a streak of greased lightning, but when I reached the front door I run kerked into another fellow just comin' in. He was about six foot high, 'n' he had a three foot sawlike quilter in his hand; his eyes was blazin' like a catamount with his tail jammed under a cartwheel.

Says he: "Is that dawg-gawnd skunk of an editor in?" Now, sir, the presence of mind I displayed on that remarkable occasion was worthy of the best traditions of our great country. Yes, sir, I grasped the potentialities of the peroration. Says I: "He's up stairs sittin' in the room on the left of the top landin'." Thanks," says he, and up he goes three times. I waited till I heard somethin' as if somebody was dancin' a haidgen, or one of them Spanish things, and then I didn't chase myself round my feet; no, sir, no, sir. I guess I beat Deorloof's record for a hundred as I sprinted across the street 'n' hid beh a coal wagon waitin' developments. Presently number two comes struttin' down the street 'n' looks 'n' the Star Spangled Banner, 'n' lookin' 'n' proud as a Shanghai Rooster in chicken time. I noticed that his coat was all covered with the best traditions of our great country. Yes, sir, I grasped the potentialities of the peroration. Says I: "He's up stairs sittin' in the room on the left of the top landin'." Thanks," says he, and up he goes three times. I waited till I heard somethin' as if somebody was dancin' a haidgen, or one of them Spanish things, and then I didn't chase myself round my feet; no, sir, no, sir. I guess I beat Deorloof's record for a hundred as I sprinted across the street 'n' hid beh a coal wagon waitin' developments. Says I: "He's up stairs sittin' in the room on the left of the top landin'." Thanks," says he, and up he goes three times. I waited till I heard somethin' as if somebody was dancin' a haidgen, or one of them Spanish things, and then I didn't chase myself round my feet; no, sir, no, sir. I guess I beat Deorloof's record for a hundred as I sprinted across the street 'n' hid beh a coal wagon waitin' developments. Presently number two comes struttin' down the street 'n' looks 'n' the Star Spangled Banner, 'n' lookin' 'n' proud as a Shanghai Rooster in chicken time. I noticed that his coat was all covered with the best traditions of our great country. Yes, sir, I grasped the potentialities of the peroration. Says I: "He's up stairs sittin' in the room on the left of the top landin'." Thanks," says he, and up he goes three times.
